# NO MATTER THE MISSION

As pilots rise through the ranks and through aircraft of ever-increasing sophistication, one question remains constant: What is next? And one answer will always resonate: More. More speed. More capability. More power. More capacity. The Sling TSi encompasses all of these qualities and has become an aircraft with an uncompromising mission: To offer unrivalled performance, safety, comfort and reliability to any pilot, no matter the mission. The Sling TSi is not simply more aircraft. It is more of all the reasons you fly.

Following on from the legacy of the Sling 2 and Sling 4, the Sling TSi has the same great handling characteristics that made its predecessors legendary. The Sling TSi has been critically acclaimed for its all-round capabilities, superb handling and functionality. The Sling TSi offers the same perfectly coordinated flight characteristics, with controls that are highly responsive yet not overly sensitive. It comfortably seats four, with baggage, and cruises effortlessly at altitudes up to 18,000 ft, making it the ultimate long distance cross-country machine.

## SLEEK DESIGN

A truly first-class travel experience, the Sling TSi's elegantly crafted interior showcases executive four seat comfort. Using only genuine leather and lavish carpeting, the Sling TSi stands out with an elegance that adds a touch of class to aircraft interiors. Available in four color palettes: Cast Iron, Red Velvet, Indigo Sky and Cloud Burst with stitching, piping and panelling in complementary colors.

In addition to the leather interior, cabin heating and ventilation are standard for all occupants. The carbon fibre instrument panel and center console throttle add to the elegance which the Sling TSi exudes. The superior comfort and elegance, as well as the unsurpassed attention to detail puts the Sling TSi in a class of its own.

# UNRIVALLED AVIONICS

Designed by pilots for pilots, the Sling TSi typically boasts a selection of Garmin technologies designed to deliver a refined and integrated flight experience. The advanced configuration of the Garmin 10" G3X touch EFIS and backup Garmin G5 electronic flight display delivers exceptional performance, reliability and peace of mind. In addition, the Sling TSi's typical Garmin avionics package includes radio, autopilot system with control panel, transponder, multifunction system interface and Bluetooth audio panel. Garmin's highly respected user-friendly interface places an abundance of information at your fingertips whilst providing unparalleled

## POWERPLANT & PERFORMANCE

Based on the indisputable success of the Rotax 912 engine series, the Rotax 915 iS offers increased power, the best power-to-weight ratio in its class, full take-off power up to 15,000 feet (4,572 m) and a service ceiling of 23,000 feet (7,010 m) which can all be attributed to the turbocharged engine.

The sturdy, all metal construction of the Sling TSi makes it an aircraft able to go the distance, reliably. The use of high-quality components throughout gives you the peace of mind that you deserve when making this kind of investment.

With an operating cost of around \$60/hr and burning just 7-8 gallons per hour of MOGAS, the Sling TSi is the fast, efficient, economical cruiser of the modern age.
